### Premier Money Market Savings Additional Detail

If balance falls below \$10,000 any day of the month, a \$10 monthly service charge will be assessed. There is a maximum of 12 withdrawals allowed per month for this account type. Of these, 6 of the withdrawals may be made by check or debit card POS transaction. Separately, there is a limit of 6 other withdrawals or transfers from the account each month (includes ACH, in person, ATM, telephone, AFT, wire transfer, online or any other type of withdrawal or transfer).

Any withdrawals, transfers or checks over these limits will not automatically post to the account and could result in failed transfers or withdrawals, declined debit card transactions, and returned checks. If the withdrawal restrictions on this account are exceeded on more than an occasional basis, Bank Midwest reserves the right to transfer this account to another interest-bearing account type that does not limit withdrawals.
